June 3 Hand Launch Contest — Report by Craig Robinson

Another perfect day for getting together with great friends and flying HL Gliders!

Cooler temps overnight and continued warming to a high of 80 degrees produced great lift for most rounds. Strong thermals to spec-out height in very short order were common and a light prevailing NW breeze was the norm for most heats.

We flew seeded round heats, based on cumulative scores. Everyone had some great flights to remember and of course, a few we would like to forget. Huge congrats to Scott for his 1st place finish!

Thanks to all for a memorable day of flying together! Let's do it again in July.
